3. According to an unsubstantiated rumor, the Soviets are interested in buying up all the land in the vicinity of the Matzen oil fields. They are offering the peasants 60 groschen per square meter of land and are promising to resettle them, primarily in the Döllersheim area.
 4. A pipeline from the SNV fields into the Eastern Zone of Germany is now being laid. The line will cross the Czechoslovakian border, and workers on the project believe it will terminate at Breslau. The type of the pressure pipe being used indicates that the line is intended for gasoline rather than for heavy oil.
